ABOUT US

The WELCOME Orange Geriatric Initiative is a State Office of Mental Health grant-funded triple partnership of aging, mental health, and substance use treatment agencies as well as supportive community partners. We strive to increase wellness, independence and maintain stability in the community for individuals age 55 and older with behavioral health, substance use disorder or aging related needs. Our goal is to increase access to behavioral health services, aging services, and substance abuse treatment services through outreach and community-based supports.

We are a WELCOME Orange partnership with the goal of providing a positive, welcoming, and non-judgmental environment to all individuals with whom we have the privilege to come in contact.
